Until We Say I Do

Until We Say "I Do"

Astrid stopped all her goofiness and gazed into Hiccup's eyes as he said to her in a gentle voice, "Please just hold still, I'm seriousâ€|."

With his hands holding hers in a gentle embrace, it was kinda hard not to feel a little bit nervous as Hiccup continued on saying, "My father is becoming more worried and impatient with every year that I'm \*\*NOT\*\* the Chief of Berkâ€| Sooner or later, he's going to take things into his own hands if I don't make a move soon to take over leadership."

"What do you mean by \*\*"Take things into his own hands"\*\*\_\_?"  
\_Astrid asked her boyfriend in a worried tone. "What is he going to do if you don't become the Chief soon?"

Hiccup blushed a light crimson, "He's gonna force me into proposing to you in front of the entire Tribe."

There was an awkward silence. Even though they were twenty years old, they had never took the time to sit down and talk about their future together as a couple. Astrid was probably looking like a tomato in front of Hiccup, she felt her heart race faster in her chest and she felt light headed with bubbling emotions.

"Ohâ€¦. I see. Well, what do you think about that Hiccup?" Astrid asked him in a gentle voice that shook a little.

Hiccup lowered his head towards their interlocked hands in defeat, "I don't know Astrid. I honestly don't knowâ€¦."

That's when Astrid did something that Hiccup hadn't experienced in a **\_\*\*LONG\*\*\_** time. She pulled him closer to kiss him full on the lips in a gentle embrace. After they had become a couple in their middle teens, Hiccup was always the one to initiate their kisses. But now she held his complete attention with her soft lips. Putting him under a sweet enchantment.

Hiccup did what was natural and returned her affection, gently kissing her back and lifting one of his hands from hers to place behind Astrid's head in a gentle fashion.

When their embrace ended, Astrid held Hiccup close to her and told him, "If you're ready to take that leap into our relationship than I'm ready too."

Hiccup's eyes grew wide with shock at her sudden revelation, **\_\*\*"Really?"\*\*\_**

"Hiccup, we've been in a relationship for five years now and I've been waiting for the day where we would have this conversation about marriage. You didn't honestly think that I was going to say **\_\*\*"No"\*\*\_** did you?" Astrid asked him giggling softly.

Hiccup chuckled softly, "Well how should I know, I have a Valkyrie for a girlfriend and I just never know when you are being serious or not."

"You're such a dork." Astrid told him as she bumped his forehead with her own & they laughed over their exchange of words.

Hiccup rubbed his nose against hers affectionately, "But that's why you fell in love with me in the first place. Because I'm a dork."

They smiled softly, "So, **\_\*\*would\*\*\_** you propose to me in front of the entire Tribe?" Astrid asked him.

"Maybeâ€¦ You know, if it's the only way you'll ever be my wife" Hiccup chuckled.

Astrid laid her head against Hiccup's chest, "I would be your wife regardless of where you asked me. All you need to know right now is that until we say **\_\*\*"I do"\*\*\_** in front of everybody at the altar, I'll be waiting for your proposal."

"That's what makes you the greatest girlfriend in existence." Hiccup stated aloud with pride. "You're patient with a slow guy like me."

They laughed & fell onto the ground together in each other's embrace, looking up at the sky as gentle clouds rolled on by.
